

# Year 5 Homework

Friday 31st January 2014

You have produced some fantastic Diary of a Wimpy recounts this week. The presentation of your work is exceptional and we are looking forward to displaying some of it. Well done everyone!

Below is your homework for this week. Remember that it will need to be handed in by next **Wednesday** (5<sup>th</sup> February). If you finish it before then, you can bring it in earlier.

## Maths

We have been focussing on symmetry in maths. Your homework is to identify lines of symmetry on flags from around the world. **Make sure that you use a ruler and sharp pencil to draw your lines.**

## Science

We have been learning about Solids, Liquids and Gases in Science. We have looked at the particle structure of each state and thought about other features. Your homework is to choose **ONE** object from the sheet and investigate the questions. We have also discussed using secondary sources for research this week and you can use these to help you find the answers. Please record your findings using full sentences and scientific terms.

## Reading

Please remember to read your reading books over the weekend and get your parents to sign your reading records so that you can earn your golden stars.

## Forest School

We will be doing Forest School on Monday so please remember your **old clothes, waterproof coats and wellies**. It will be very muddy so spare carrier bags may also be useful.

If you find the homework tricky, please come and tell one of us so that we can help you.

Have a great weekend,

The Year 5 Team
