

Year 5 Homework

27th September 2013

This week, we have investigated sound waves, written some lovely stories about hobbies and fibs and learnt about Celtic history in the roundhouse.

Below is your homework for this week. Remember that it will need to be handed in by next **Wednesday** (2nd October). If you finish it before then, you can bring it in earlier.

Maths

We have been doubling and halving in Maths this week. Choose a challenge and see if you can complete the task. You should do this in your Maths homework book. There is also a problem to solve for the platinum challenge.

Literacy

During morning activities, we have been looking at homophones. These are words that sound the same but are spelt differently and have different meanings. Your homework is to identify the correct homophone for each sentence and then find some other homophones. You can do this on the sheet and then stick it into your English homework book.

Reading

Please remember to read your reading books over the weekend and get your parents to sign your reading records so that you can earn your golden stars.

Forest School

If you are in the **Beech** Forest School group (Erdirn, Christopher, George, Ryan, Eden, Daniella, Ann-Marie, Millie, Nasiba and Sofi) please bring a plastic container with a lid to take home your cookery. You should always have your forest school kit with you on a Monday.

If you find the homework tricky, please come and tell one of us so that we can help you. Have a great weekend.
